## DSEX grew with improved market participation

DSEX climbed up 22.25 points and closed at 6342.59 points today. Market remained positive the whole session with some fluctuations. Market participation also increased significantly from yesterday's level showing growing investors' interest in the capital market. All the sectors gained value today except Tannery Industries and Miscellaneous sectors. Market may have started a short-term positive trend before the upcoming Eid vacation. Though this trend may hit some set backs due to the June closing adjustments. In terms of technical analysis, DSEX may be forming a short turnback from a support level and heading towards a short-term resistance at around 6360 points. Market may remain positive but volatile tomorrow reflecting the June ending point. On the Macro news front, The government's borrowing from savings certificates and banks to meet the budget deficit was slow but towards the end of the current fiscal year, the borrowing from the banking system has risen sharply.

Market activity increased significantly today than the previous day generating a trade volume of 226815650 from a total trade of 167385, raising BDT 8188.26mn turnover, which is around 17% higher than the last day.

SQURPHARMA, BRACBANK, DELTALIFE, BEACONPHAR, TITASGAS mainly moved the index positively. On the other hand, BXPHARMA, FORTUNE, UCB, PUBALIBANK, NATLIFEINS were the negative forces today.

MEGHNAINS, YPL, KBPPWBIL, IMAMBUTTON, APOLOISPAT were among the top gainers and IPDC, QUASEMIND, SALAMCRST, NEWLINE, PROGRESLIF were among the top companies to lose price today.
